PUPIL PREMIUM - INFORMATION FOR PARENTS

What is the Pupil Premium?

Introduced in 2011, the pupil premium is a sum of money given to publicly funded schools in England each year by the Government to raise the attainment of disadvantaged pupils of all abilities and to close the gaps between them and their peers.

This is based on research showing that children from low income families perform less well at school than their peers. Often, children who are entitled to pupil premium face challenges such as poor language and communication skills, less family support, lack of confidence and issues with attendance and punctuality. The pupil premium is intended to directly benefit the children who are eligible, helping to narrow the gap between them and their classmates.

Is your child eligible?

Schools receive the following funding for each child given a pupil premium:

- Children who are registered as eligible for free school meals at any point in the past six years. Beacon Business Innovation Hub (BBIH) receives £935 for pupils in KS4/5.

Pupil Premium Expenditure Focus

- **£1,900 for each pupil identified in the spring school census as having left local authority care because one of the following:**
 - **Adoption;**
 - **a Special Guardianship Order; ○ a Child Arrangement Order (previously Residence Order); ○ In Service Children.**

If a pupil has been registered as eligible for free school meals and has also left local authority care for any of the reasons above, they will attract the £1,900 rate.

Children who have been in local authority care for 1 day or more also attract £1,900 of pupil premium funding. Funding for these pupils is managed by the [virtual school head \(VSH\)](#) in the local authority that looks after the child.

Payments made to Academies

Pupil premium funding is paid to Academies in quarterly installments. In the 2017/18 financial year, pupil premium will be paid on the following dates:

- **6th July 2017**
- **6th October 2017**
- **6th January 2018**
- **6th April 2018**

The BBIH Pupil Premium strategy is reviewed on a termly basis as part of the School Self Evaluation Cycle. This includes reviewing the attainment, progress, behaviour, and attendance data of all students in the Academy alongside Pupil Premium and Non Pupil Premium students. The Academy also reviews the impact of the interventions and devises plans for the following term to ensure maximum impact.

Accountability

The Government believes that Principals and School Leaders should decide how to use the pupil premium money as they are best placed to identify what would be of most benefit to the children who are eligible. They are held accountable for the decisions they make through:

- the performance tables which show the performance of disadvantaged pupils compared with their peers;
- the Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, and in particular those who attract the pupil premium; □ The reports for parents that schools have to publish online.

Pupil Premium

The school receives a grant for the pupil premium which is based on the number of students either in receipt of free school meals (FSM) or who have been in receipt in the past and CLAs. The money is used alongside expenditure from current income to support a range of intervention strategies to help raise standards.
